

# Assignment Requirements

## 1. Homepage

Create an attractive homepage containing:

- Student photograph
- Student name
- Grade/Class
- School name
- Short introduction
- "About Me" section
- Quick statistics section

### Example

**Aarav Sharma**

Grade 8 | Sunrise International School

*"I am passionate about mathematics, coding, public speaking, and scientific innovation. Through GEMMA Clubs, I continuously develop my skills and participate in national and international competitions."*

---

## 2. About the Student

Include:

- Full Name
- Date of Birth
- Grade
- School
- City/Country
- Career Aspirations
- Hobbies and Interests

### Example

**Career Goal:** Aerospace Engineer

**Interests:**

- Mathematics
  - Coding
  - Robotics
  - Public Speaking
  - Chess
- 

### 3. Academic Performance Section

Display academic achievements professionally.

**Example**

| Subject          | Grade |
|------------------|-------|
| Mathematics      | A+    |
| Science          | A     |
| English          | A     |
| Computer Science | A+    |
| Social Studies   | B+    |

Overall Percentage: **92%**

---

### 4. GEMMA Club Participation

Create a dedicated section showing club involvement.

**Clubs Participated**

- Abacus Club
- Mathematics Club
- Coding Club
- Public Speaking Club
- Science Club

## Example

### Abacus Club

- 2 years participation
- State-level finalist

### Coding Club

- Built 5 Scratch projects
  - Participated in coding challenges
- 

## 5. Competition Achievements

Create a timeline or card-based section.

### Example Achievements

| Competition                               | Result          |
|-------------------------------------------|-----------------|
| International Abacus Olympiad             | Gold Medal      |
| International Essay Writing Competition   | Silver Medal    |
| Young Scientist Award                     | Top 20 Finalist |
| International Student Speaker Competition | Bronze Medal    |
| International Painting Olympics           | Participation   |

---

## 6. Project Showcase

Display student projects.

### Example Projects

#### Smart Irrigation System

- Science Project
- Uses soil moisture sensors
- Won School Innovation Award

### **Scratch Game: Temple Adventure**

- Designed in Scratch
- Includes levels and scoring system

### **Climate Change Awareness Website**

- Built using HTML & CSS
- Educational project

Include:

- Images
  - Videos (optional)
  - Project descriptions
- 

## **7. Certificates Gallery**

Create a gallery section displaying:

- Certificates
- Medals
- Awards
- Participation certificates

Use lightbox/gallery plugins if desired.

---

## **8. Skills Section**

Display skills visually.

### **Example**

#### **Academic Skills**

- Mental Math
- Logical Reasoning
- Problem Solving

#### **Technical Skills**

- Scratch Programming
- HTML
- Canva
- PowerPoint

### **Soft Skills**

- Leadership
  - Teamwork
  - Public Speaking
  - Creativity
- 

## **9. Student Blog Section**

Create 3 sample blog posts.

### **Examples**

1. How Abacus Improved My Mental Math Skills
  2. My Experience at the International Student Speaker Competition
  3. Why Coding is Important for Future Careers
- 

## **10. Testimonials**

Include feedback from:

### **Teacher**

*"Aarav consistently demonstrates curiosity, discipline, and leadership in every activity."*

### **Parent**

*"The GEMMA Clubs have significantly improved his confidence and problem-solving abilities."*

---

## **11. Contact Section**

Include:

- Contact Form
- Email (dummy)
- LinkedIn (optional)
- Social Media Icons

## Example

Email:

aarav.sharma@example.com

---

# Design Expectations

Students should demonstrate:

## UI/UX Design

- Modern layout
- Mobile responsive
- Easy navigation

## WordPress Skills

- Proper use of themes
- Plugins
- Custom sections
- Forms
- Galleries

## Creativity

- Unique design
  - Attractive visuals
  - Professional presentation
- 

# Bonus Features

Extra marks for:

- ✓ Animated statistics
  - ✓ Achievement timeline
  - ✓ Interactive certificates gallery
  - ✓ Downloadable resume
  - ✓ Video introduction
  - ✓ Dark mode option
  - ✓ Custom WordPress theme modifications
- 

## Submission Requirements

Submit:

1. Live website URL
  2. PDF report (1–2 pages) describing:
    - Theme used
    - Plugins used
    - Design decisions
    - Challenges faced
- 

## Evaluation Criteria

| Criteria                    | Marks |
|-----------------------------|-------|
| Design & Creativity         | 25    |
| WordPress Skills            | 25    |
| Content Presentation        | 20    |
| Mobile Responsiveness       | 15    |
| Performance & Speed         | 10    |
| Innovation & Extra Features | 5     |

**Total: 100 Marks**

### **Important Note**

You may use the provided dummy data or create additional supporting content, images, certificates, and achievements to make the portfolio more realistic. The goal is to create a professional student portfolio that could realistically be used by a GEMA Club student to showcase their academic journey, achievements, projects, and extracurricular excellence.
